RE: letter of nomination : Dr. James M. Clinton, V.M.D. For Emeritus Diplomate ACVO  
~~575 Sentinel Road, Moorestown, New Jersey 08057-2135~~

It is a pleasure to nominate Dr. Clinton for emeritus DACVO status.

I have known Dr Clinton prior to his becoming an active DACVO in 1972 being established with respected practice interests in ophthalmology. As secretary treasurer and ACVO regent I always looked forward to his advice and cooperation with the goals of the ACVO: participation in annual meetings including meetings and literature inside and outside the USA. Jim has had active in mentoring responsibilities within his tenure of practice.

For 45 years he has been a fine example of an actively productive Diplomate in promoting the goals of this organization extending into his retirement.

I have only very positive respect for his character and absolutely no reservations in supporting his emeritus recognition.

Sincerely,

  
Charles J. Parshall DACV emeritus
